DAHLIAS

SELECTIVE STOCK OF THE BEST EXHIBITION
VARIETIES OF THE WORLD.

STANLEY JOHNSON

. . . Pennypack Gardens . . .

406 FRANKLIN AVENUE

CHELTENHAM, PA.

Important - Please Read

GREETINGS.—It is certainly a pleasure to send you this folder containing in my belief the best in up-to-date dahlias. Most any variety will win for you at our best shows or attract much attention in your garden.

ORDER EARLY.—Stock on some varieties is limited. Do not be disappointed in not being able to secure your favorite dahlias. Every order receives my personal careful attention, assuring you of obtaining first class stock. Should you desire any dahlias not listed, write me, as most likely I can supply them reasonably.

QUALITY.—At the end of each growing season only the plants which produced first class blooms are retained. This assures you selective stock that will do well in your gardens. Considering quality my prices are indeed very reasonable. It pays to buy good stock. My guarantee is to satisfy you.

ROOTS.—Every root will reach you in good growing condition showing a live eye. All stock is true to variety name. Shipment made in early May unless otherwise requested.

PLANTS.—Most of the exhibition blooms used at our shows come from green plants. My experience is that plants produce more blooms. I strongly recommend the purchasing of plants for all purposes. All green plants are base cuttings that are well rooted and are properly handled. The plants are shipped in special-made boxes and are guaranteed to reach you in good condition. Start shipping about May 1st.

TERMS—CASH WITH ORDER.—Please remit by check or money order. If cash is sent, letter be registered. All retail orders are prepaid. When green plants are ordered, please include 25 cents to cover the special delivery handling.
